## 1. Introduction

GDF has launched its Central Data store and analysis Platform (CDP) Portal end of 2021 with the aim to improve the collection and validation of TB medicines-related data/information submitted by suppliers in the CDP Portal. The data/information collected (via WebForms) and validated by GDF based on supporting documentation uploaded in the CDP Portal by suppliers, are related to the Finished Pharmaceutical Product (FPP) in the market and country registration status of FPP. In April 2022, GDF has released a new functionality in the CDP Portal – “GDF Tender / Technical Tender Submission” module that allows suppliers to prepare and automatically generate the requested Technical Bid Response Form and TB medicines country registration Response Form (both in Excel format) based on the list of TB medicines required by GDF for the tender and the list of supplier’s TB medicines approved in the CDP portal. Thus, thanks to the CDP Portal, the Technical Bid submission is now automated for suppliers, and GDF/IDA will only receive via the CDP Portal Technical Bids that meet its quality assurance (QA) and technical requirements.

GDF is currently developing additional modules that will allow suppliers for future GDF/IDA tenders, to also submit via the CDP Portal their Technical Bid for Cat I&III Kit A, as well as their Financial Bid.

## 2. Log in

- The GDF suppliers should log in as per existing log-in credentials
- For the suppliers who do not have the CDP log-in credentials, please urgently send an email request to all following persons not later than five (5) working days before the day of the public opening of the Financial Bids:
  - Dr Magali Babaley, GDF Strategic Procurement and Business Intelligence Manager, at [magalib@stoptb.org](mailto:magalib@stoptb.org)
  - Mrs Nigorsulton Muzafarova, GDF Lead Quality Officer, at [nigorsultonm@stoptb.org](mailto:nigorsultonm@stoptb.org)
  - Dr Kaspars Lunte, GDF Global Sourcing Officer, at [kasparsL@stoptb.org](mailto:kasparsL@stoptb.org)

You are preparing a tender submission for GDF tender with reference number 777

The table below indicates the list of your products in the CDP module "FPP In-Market" which are requested for the selected GDF tender reference number. Only products with status "Approved" are eligible for tender submission.

Please ensure that all information related to your products in CDP module "FPP In-Market" is up to date or update the data before tender submission.

For tender submission, select the eligible products for which you want to make an offer for the selected GDF tender reference number.

Products with different status cannot be selected for tender submission.

Eligible products not selected and not submitted will not be considered for the tender evaluation even if a Financial bid is submitted, or vice versa.

#### Remarks:

If a product is not yet with the status "Approved", please provide the missing information and/or documents to GDF for review minimum five working days before the deadline for submission of Technical Bids.

If you want to add a new product in the list, please create the product in the CDP module "FPP In-Market" and submit it to GDF for review minimum five working days before the tender closure.
