

INTERAGENCY EMERGENCY HEALTH KIT 2017

IDA
FOUNDATION

KIT INFORMATION

The Interagency Emergency Health Kit (IEHK) 2017 is primarily intended for displaced populations affected by emergencies, who have limited access to routine health care services.

A complete emergency health kit contains 10 basic units and one of all supplementary units, and includes medicines, disposables, and instruments to meet the needs of 10.000 people for three months.

The full kit or kit modules can also be used for the initial supply of primary health care facilities where the normal system of provision is interrupted. However, it is not intended as re-supply or to replace existing medical supply chain mechanisms, as this may result in access stock of items or medicines which are not needed.

BASIC MODULE

- to cover primary health care needs
- to be used by primary health care workers with limited training and located in remote areas

The kit contains oral and topical medicines, medical devices and a malaria unit with oral antimalarial medicines and rapid diagnostic tests. The basic malaria unit can be removed on request.

SUPPLEMENTARY MODULE

- to cover primary health care needs and basic hospital care needs
- to be used by physicians or senior health care workers

The kit contains medicines and medical devices as well as a malaria unit for treatment of severe malaria and a PEP unit. The supplementary malaria unit and the PEP unit are included unless requested otherwise.

Source: World Health Organization

IDA MODULE CODES

The kit follows a modular set-up and can be ordered as a complete kit or as separate modules.

IEHK 2017

BASIC MODULE

Medicines module	10 x K070-000-02
Renewable and equipment module	10 x K072-000-02
Malaria module*	10 x K071-000-02

SUPPLEMENTARY MODULE

Medicines module	1 x K073-000-02
Controlled medicines module*	1 x K074-000-02
Medicines cold chain module*	1 x K075-000-02
PEP module*	1 x K077-000-02
Malaria unit module*	1 x K076-000-02
Equipment module	1 x K079-000-02
Renewable module	1 x K078-000-02
Documentation module*	1 x K080-000-02

* - optional (included upon request)

IDA keeps stock of the IEHK 2017 (designed according to UN and humanitarian agencies requirements) and can dispatch the kit within 48 hours in case of an emergency or disaster.

IEHK 2017

Designed to meet the initial primary healthcare needs, contains medicines and medical supplies in quantities that are sufficient to assist a population of 10.000 people for approximately 3 months in crisis situations, such as floods, droughts, earthquakes or armed conflicts.
