

TUBERCULOSIS

PRODUCT LIST

Tuberculosis (TB) is one of the world's most common and severe diseases, affecting 10 million people worldwide each year. Although it is a preventable and curable disease, TB kills 1.5 million people each year, making it the leading infectious cause of death worldwide. TB is the main cause of death among people living with HIV and is a major contributor to antimicrobial resistance.

People infected with TB bacteria have a 5-10% chance of developing the disease in their lifetime. However, the risk is higher for those with weakened immune systems, including people living with HIV, those suffering from malnutrition or diabetes, and those who use tobacco.

Treatment is difficult, especially for multidrug-resistant forms of TB (MDR-TB) or in the case of co-infection with HIV.

IDA's TB range consists of:

- First-line anti-TB medicines
- Second- / third-line anti-TB medicines
- HIV-TB co-infection treatment*

ANTITUBERCULOSIS MEDICINES

description	unit of measure
First-line single formulations (including paediatrics)	
1921-BL1-TB ethambutol HCl 100 mg, dispersible, blister	100 tabs
1922-BL1-23 ethambutol HCl 400 mg, blister	672 tabs
1934-BL1-23 isoniazid 300 mg, blister	672 tabs
First-line fixed dose combinations	
5065-BL1-73 rifampicin 75 mg + isoniazid 50 mg, dispersible, blister	84 tabs
5064-BL1-23 rifampicin 150 mg + isoniazid 75 mg, blister	672 tabs
5066-BL1-73 rifampicin 75 mg + isoniazid 50 mg + pyrazinamide 150 mg, dispersible, blister	84 tabs
5055-BL1-23 rifampicin 150 mg + isoniazid 75 mg + pyrazinamide 400 mg + ethambutol 275 mg, blister	672 tabs
5059-BL1-BT rifapentine 300 mg + isoniazid 300 mg, blister	36 tabs
Second- and third-line single formulations	
1970-BL1-TB bedaquiline 100 mg, blister	100 tabs
2011-BL1-TB clofazimine 100 mg, blister	100 tabs
5048-BL1-TB levofloxacin 100 mg, dispersible, blister	100 tabs
5041-BL1-TB levofloxacin 250 mg, blister	100 tabs
5089-BL1-TB linezolid 600 mg, blister	100 tabs
5045-BL1-TB moxifloxacin 100 mg, dispersible, blister	100 tabs
5046-BL1-TB moxifloxacin 400 mg, blister	100 tabs
5056-BL1-TB pretomanid 200 mg, blister	100 tabs
TB PATIENT KITS	
KT01-001-02 TB kit Cat I & III Kit A	1 kit
