

# ONCOLOGY PRODUCT LIST

Our oncology range is in line with the WHO Essential Medicines List (EML). We have assessed and approved various generic oncology suppliers in order to have a comprehensive range of oncology products.

The oncology product range is still in the development phase. Should you have other oncology and palliative care needs, we welcome your feedback.

You can reach out to your sales contact within IDA.

## Antineoplastics & Immunosuppressives

product code	description	pack size
3038-002-16	asparaginase (L-asparaginase) 10,000 IU (***)	10 vials
3029-019-09	bleomycin 15 mg, 15,000 IU, powder for inj (***)	1 vial
6200-002-56	calcium folinate 15 mg, blister	10 tabs
