PRODUCT LIST

Our oncology range is in line with the WHO Essential Medicines List (EML). We have assessed and approved Pfizer as our branded supplier, allowing us to offer a comprehensive and extensive range of oncology products. We keep a close eye on the developments, and extend our assortment if needed, to make sure we can meet our customers' needs.

Please contact our service desk or your sales representative to discuss possible options if you require an oncology or palliative care product that is not listed in here.
