

ONCOLOGY

PRODUCT LIST

Access to quality-assured cancer medicines in low-resource settings remains a significant challenge, leading to disparities in cancer care and outcomes. A staggering 70% of all cancer deaths occur in low-and middle-income countries (LMICs), highlighting a significant inequity in access to essential cancer medicines and diagnostics. In fact, more than 50% of the cancer medicines on the WHO Essential Medicines List are not available in LMICs.

Without access, people diagnosed with cancer face drastically reduced health outcomes and quality of life. IDA Foundation is bridging the gap to ensure that a quality-assured portfolio of oncolytic medicines - tailored to underserved regions - is essential to address this issue.

We are closely monitoring developments and will expand our range as necessary to ensure we can meet our customers' needs. If you require an oncology or palliative care product that is not listed here, please contact our Service Desk or your sales representative to discuss options.

ANTINEOPLASTICS

description	unit of measure
anastrozole 1 mg, film coated tablets, oral, blister	28 tabs
anastrozole 1 mg, film coated tablets, oral, blister	30 tabs
bleomycin, 15 units usp, powder for injection (***)	1 vial
bortezomib 3.5 mg, injectable solution, intravenous	1 vial
capecitabine 150 mg, film coated tablets, oral, blister	30 tabs
capecitabine 500 mg, film coated tablets, oral, blister	30 tabs
carboplatin, 150 mg/15 ml, injectable solution, intravenous	1 vial
carboplatin, 450 mg/45 ml, injectable solution, intravenous	1 vial
cisplatin, 10 mg/10 ml, injectable solution, intravenous	1 vial
cisplatin, 50 mg/50 ml, injectable solution, intravenous	1 vial
cyclophosphamide 50 mg, tablets, oral, blister (UN3464)	50 tabs
cyclophosphamide, 1 g, powder for injection, intravenous	1 vial
cyclophosphamide, 2 g, powder for injection, intravenous	1 vial
cyclophosphamide, 500 mg, injectable solution, intravenous	1 vial
cyclophosphamide, 500 mg, injectable solution, intravenous	80 vials
cytarabine, 100 mg/5 ml, injectable solution	1 vial
cytarabine, 100 mg/ml, injectable solution	1 vial
cytarabine, 1000 mg/10 ml, injectable solution	1 vial
dacarbazine, 200 mg, powder for injection, intravenous (***)	1 vial
dexamethasone sodium phosphate 4 mg/ml, injectable solution	10 amps
dexamethasone sodium phosphate 4 mg/ml, injectable solution	1 amp
dexamethasone sodium phosphate 5mg/ml, injectable solution	100 amps
docetaxel, 20 mg/0.5 ml concentrate (inj+solvent 1.5 ml), injectable solution, intravenous	1 vial
docetaxel, 20mg/2 ml, injectable solution, intravenous	1 vial
docetaxel, 80 mg/8 ml, injectable solution, intravenous	1 vial
docetaxel, 80mg/2ml concentrate (inj+solvent 6 ml), injectable solution, intravenous	1 vial
doxorubicin hcl, 10 mg, powder for injection	1 vial
doxorubicin hcl, 10 mg/5 ml, injectable solution, intravenous (***)	1 vial
doxorubicin hcl, 50 mg, powder for injection	1 vial
