

COVID-19 PORTFOLIO

VACCINATION AND IMMUNISATION

ONE YEAR INTO THE GLOBAL COVID-19 PANDEMIC, MUCH OF THE GLOBAL FOCUS IS CURRENTLY GOING TO VACCINATION PROGRAMMES. ASIDE FROM VACCINES, THESE PROGRAMMES REQUIRE A BROAD RANGE OF SUPPORTING MEDICAL SUPPLIES. WITH IDA'S VAST EXPERIENCE OF SUPPORTING CUSTOMERS THROUGHOUT THE COVID-19 PANDEMIC, WE ARE COMMITTED TO ASSISTING AND SUPPLYING OUR PARTNERS WITH THE NECESSARY HEALTH PRODUCTS IN THIS GLOBAL CHALLENGE.

The set-up and rollout of any vaccination programme is complex. Aside from careful planning related to funding, regulatory preparedness, infrastructure, and training (amongst others), it requires the sourcing of the right supporting medical materials and supplies.

IDA supports customers by sourcing and supplying

quality-assured items required for COVID-19 vaccine programmes, such as needles and syringes, safety boxes, alcohol swabs and required PPE.

To help our customers plan ahead we have created a quantification overview to calculate the vaccination and PPE consumables needed per vaccin type.

VACCINATION AND IMMUNISATION

product code	product description	unit of measure
8405-002-01	alcohol swabs	100 pces
8981-TZ9-00	freezer, electric -86°C, 368L, 230V/50Hz	1 pce
8981-TZ3-00	freezer, electric -86°C, 728L, 230V/50Hz	1 pce
IHAHXB-IC	freezer optional accessory CO2 Back-Up System	1 pce
IHAIDCJ-55-B	freezer optional accessory Cryorack Stainless Steel 5 Removable Tray	1 pce
IHAIDCJ-55-A	freezer optional accessory Cryorack Stainless Steel Compartment	1 pce
8982-TY4-00	refrigerator, electric MED288 280L, 230V/50Hz	1 pce
8969-TY1-00	refrigerator/Freezer +3/-30°C, 254/107L	1 pce
8407-168-08	safety box carton to dispose used syringes + needles, 15 L	10 pces
8407-005-00	safety box carton to dispose used syringes + needles, 5 L	1 pce
H367-252-00	safety container plastic 0.8 L	1 pce
H367-005-00	safety container plastic 5 L	1 pce
N702-N13-01	syringe luer slip disp. + ndl 21Gx1 1/2", 2 ml	100 pces
N702-N09-01	syringe luer slip disp. + ndl 23Gx1 1/4", 2 ml	100 pces
N707-N11-01	autodisable syringe with ndl 21G X1 1/2", 10 ml	100 pces
N707-N81-01	autodisable syringe with ndl 23Gx1", 0.3 ml	100 pces
N707-N07-01	autodisable syringe with ndl 23Gx1", 0.5 ml	100 pces
N706-N61-01	re-use prevention syringe +ndl 22Gx1 1/4", 2 ml	100 pces
N701-105-01	syringe luer slip disp w/o ndl 1 ml	100 pces
N701-105-57	syringe luer slip disp w/o ndl 1 ml	960 pces
N701-106-01	syringe luer slip disp w/o ndl 2 ml	100 pces
N705-N17-01	needle, luer slip disp. 21Gx1 1/2" (0.8x38 mm)	100 pces
N705-N19-01	needle, luer slip disp. 23Gx1 1/4" (0.6x30 mm)	100 pces
N705-N20-01	needle, luer slip disp. 23Gx1" (0.6x25 mm)	100 pces

AUTODISABLE SYRINGE (AD) VERSUS REGULAR SYRINGE

Since the start of the vaccination campaigns, WHO has recommended the use of AD syringes over regular syringes.

IDA supplies both types, however regular syringes are offered at better price and leadtime, have better availability and cause less waste. You may want to consider regular syringes for vaccination programmes if these syringes are part of the standard medical supplies at health centres and fall within the usage expertise of health care workers.

COVID-19 PORTFOLIO

VACCINATION AND IMMUNISATION

IDA FOUNDATION

Since the start of the pandemic, IDA has been actively sourcing products for COVID-19 response, anticipating upcoming healthcare challenges in low- and middle-income countries (LMICs).

Aside from the much-needed Personal Protective Equipment (PPE) and diagnostic tests, we have been sourcing medical equipment and medicines for the treatment of COVID-19 patients, including oxygen concentrators and dexamethasone.

In addition to the continuous supply of COVID-19 related items, we are committed to supporting health organisations in LMICs in the vaccine rollout, supplying the supporting medical materials and supplies needed for this major challenge.

Our focus is not only to ensure healthcare workers are protected while doing their work, but also to ensure they are working with quality equipment to treat their patients in the best way possible.

"THE EXTRAORDINARY SCIENTIFIC ACHIEVEMENTS OF THE LAST YEAR MUST NOW BE MATCHED BY AN UNPRECEDENTED EFFORT TO PROTECT THE MOST VULNERABLE, SO THE GLOBAL COMMUNITY MUST REMAIN FIRMLY FOCUSED ON REDUCING THE EQUITY GAP IN COVID-19 VACCINE DISTRIBUTION."

Dr Richard Hatchett, CEO of the Coalition for Epidemic Preparedness Innovations (CEPI)

WASTE MANAGEMENT

The predicted delivery of 1.8 billion COVID-19 vaccines to LMICS by the end of 2021 will heavily affect the increase in the amount of hazardous clinical waste.

The COVAX facility - the vaccines pillar of the Access to COVID-19 Tools (ACT) Accelerator, including WHO, CEPI and Gavi, require countries to submit waste management plans to prevent potential infection or other risks caused by mismanagement.

IDA supplies boxes and containers for the safe disposal of syringes, vials, and biohazard bags for other COVID-19 related waste.

MAKING USE OF IDA'S GLOBAL EXPERTISE AS YOUR COVID-19 PARTNER

IDA Foundation has decades of experience in the global health supply chain to support our customers in the COVID-19 response. Since early 2020, our COVID-19 portfolio has grown to over 200 items covering PPE, therapeutics and oxygen, infection control, diagnostics and vaccination / immunisation.

Our strong global network, quality affairs knowledge and specialist supply chain capabilities have allowed us to overcome the challenges to support our customers throughout this pandemic.

WHY CUSTOMERS CHOOSE IDA

Reliability

Trusted brand offering high quality products at a fair and transparent price

Availability

Stock reflecting most frequently requested medicines and medical supplies

Customer focus

Specialised procurement and sales teams providing dedicated services and technical advice

One-stop-shop

Extensive COVID-19 portfolio combined with services spanning the supply chain from end-to-end

Global reach

Strategic warehouse location in Dubai, allowing efficient global deliveries during the pandemic, combined with a reliable network of agents and distributors in LMICs

ORDERING COVID-19 ITEMS FROM IDA

Please contact your sales representative for the latest version of our product list (including our current prices, MOQs and stock positions).
